Six Key Trends

FEDERAL RESERVE BANK of KANSAS CITY

Professional Growth & Development

FEDERAL RESERVE BANK *of* KANSAS CITY

Performance Management Plan

January / February

- Employee develops Individual Performance Plans for current calendar year
- Discussions occur between employee and manager to reach agreement on plan
- Current year Individual Performance Plan is finalized

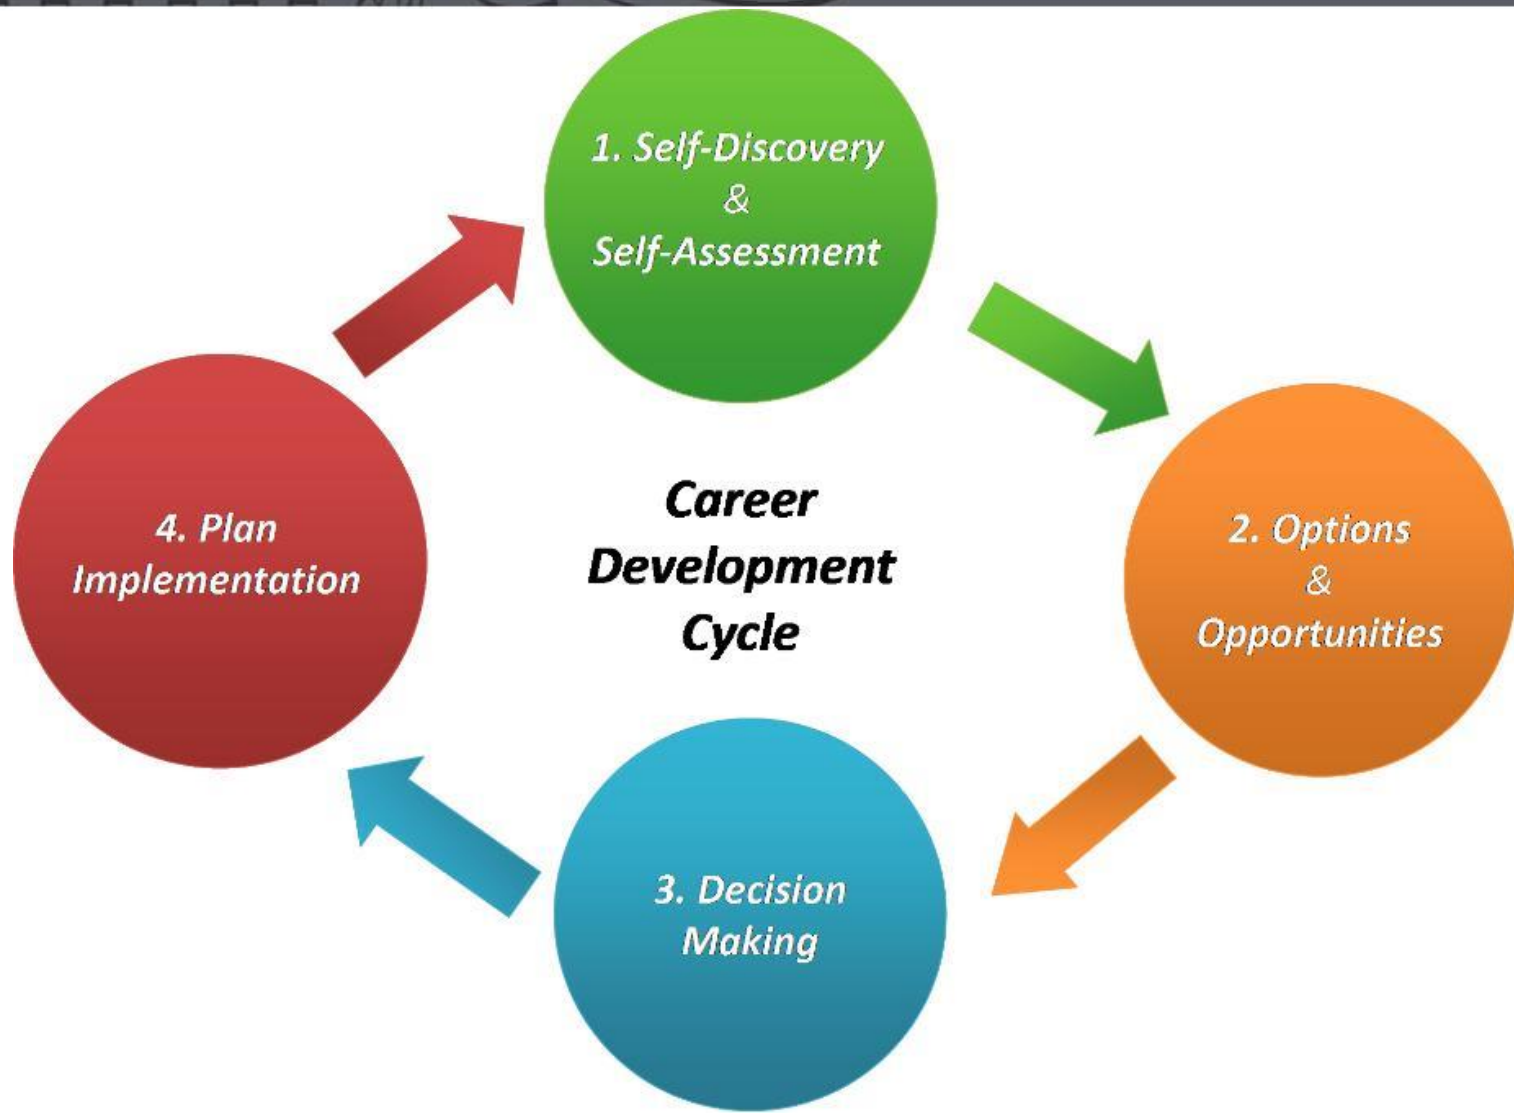

June / July

- Employee updates plan with progress on meeting objectives, demonstrating skills, and accomplishing development activities
- Discussion occurs between employee and manager to discuss performance; manager includes his/her comments on progress achieved
- Manager assesses performance and assigns mid-year performance rating

November / December

- Employee updates plan with progress on achieving objectives, skills, and development activities
- End of year discussion occurs between employee and manager to discuss results and overall performance; manager includes his/her comments on performance
- Manager assesses performance and assigns end of year performance rating

Four Critical Steps

Individual Planning Activity

- Begin generating ideas to apply to your formal development plan
- Encourage reflection around key factors in development planning
- Gain perspective from other professionals
- Develop a framework for use in your formal written development plan

Self-Discovery

Career Anchors

Think about what you value most about your work or where you find the most satisfaction.

Technical competence
Managerial competence
Autonomy
Security
Service
Challenge
Lifestyle
Entrepreneurship

What other anchors bring satisfaction to your work?

Self- Assessment

Strength Areas

- List three skills you can leverage for your professional development?

Development Areas

- List two short-term and one long-term area for improvement. These are skills etc. that will be helpful for your development.
